National Emergency

As Canada fights side by side with the Allies to defend freedom The Chronicle again urges everyone to forget personal differences, political, religious or other problems which divide. What ever beliefs we hold as to the cause of the war, the failure of the last treaty, poor judgement by military and political leaders there is no time now for words It is action that is required.

Above everything else we ask our readers to remain calm and not believe wild rumors, not only of military reverses but other problems in Canada.

Each and everyone of us can be of service to our native to our native Canada at this time. This paper is in the "National Service" and our staff ready and willing to do its utmost to serve its country.

We are particularly interested in stimulating interest in Red Cross or patriotic services. It may be that refugees may be taken to Canada and homes may be required for these children but in the meantime there are other ways in which we can serve on the home front.

Let every boy, girl, man and woman do his or her part on the home front.

The horse he was riding, Pagan Sommers a fleet, likely horse owned by Marshall Sandford of Champion, broke its front leg throwing Ken in the way of the pounding hoofs of the oncoming entries.

The rider was rushed to the Claresholm municipal hospital where he is being treated for a broken nose, a broken cheek bone and abrasions of the face. His condition is reported to be improving.

The horse was shot immediately by police.

Champion Ball Club Win 4-3 over Stavely

Jimmy Walker Veteran pitcher of Champion Senior Ball Club held down the Stavely boys to a 4 to 3. Victory for his home team on May 24 at Stavely. Without a relief Walker pitched good ball in the latter half of the game. Stavely scored but once after the first inning.

Jerry Fath won the game for the home boys in a ballplayers seventh heaven when with bases loaded he touched off a fine homer which surpassed the Stavely score by but one point but never the less served to win the first game of the season for the Champion Club.

Grim Days Ahead

Among the few bright spots in the news these days has been the statements of our national leaders in Canada and abroad. Many of these sentences will go down in history for their very worth.

Mobilization of all available resources in Great Britain is being followed in Canada, on a different scale but never the less effective. The response from industry has been whole hearted, the men working on holiday and Sunday without a murmur. Space will not permit to mention the volunteer offers from women and men to serve in any capacity during the crises and this is to be expected.

We have on other occasions told that there is something everyone can do to help win the war. Elsewhere in this issue is an advertisement for war saving certificates. Every boy and girl, man and woman should purchase these, as their resources will allow. As one Englishman stated "If some give their lives it is not too much to borrow a few dollars from those that have it."

Be one of the first to buy your certificate from the Post-office or Bank.

Champion's Sports Day

July 1st is the next holiday to be celebrated Dominion wide, Champion will on that day do justice to the anniversary of the founding of our fair Dominion by holding its main community get together.

Everyone in Champion is expected to do their part in making this day a success. Although this celebration is sponsored by the Base Ball Club a helping hand is asked from everyone.

The money realized will go towards the purchase of new uniforms for the boys. So get behind the Champion Champions to make this date long to be remembered in your home town.

A meeting will be held soon so bring your suggestions and air your views at the proper place and time.

TO-DAY
People rely upon
THEIR BANKS

LONG past is the day when a hole in the ground was regarded as the best place in which to keep savings. Modern banking, evolved by man as a convenience to serve his developing needs, now provides the solution. As a depository for his money today the Canadian relies upon his bank. ¶ From the days of the old-world goldsmiths of centuries ago, to banks, bank notes and deposit accounts which meet so efficiently the greater business and human needs of today, is a far cry indeed. ¶ Canada's chartered banks, with their wide distribution of branches throughout the Dominion, now provide deposit and other banking services in line with up-to-date requirements and in keeping with Canada's position as an important factor in world trade.

[In war, as in peace, Canada's Chartered Banks maintain, uninterrupted, all their services to depositors, farmers, manufacturers, exporters—facilitating the nation's business—looking forward to peace with freedom as the only sure basis for enduring prosperity.]
